

Official Opening of new Classroom Block

In November 2011, Mrs and Mrs Rod Stewart opened our new building. On a fine sunny Autumn morning, children, teachers and parents gathered on our new playground facility to see Rod Stewart unveil an official plaque to commemorate the occasion. The new two storey building houses spacious airy classrooms for Lower Kindergarten and Year Two. After the ceremony, Rod and his wife Penny Lancaster joined other parents and toured the building saying hello to teachers and pupils and seeing the children at work.

A long time Epping resident, many of the Stewart children have attended Oak Tree Group schools and Rod joins in with many parent activities at school, when his busy schedule allows.
